

Sales & Use Tax Compliance

Be confident that all of your state tax submissions are accurate and complete — without overpaying.

The Wayfair decision has redefined nexus standards for sales and use taxes. This change, which impacts remote sellers, can make tax compliance seem overwhelming. Weaver has the experience to help you navigate the complex state laws and regulations so your company can meet requirements across the U.S.

Simplify Filing with Weaver Compliance Services

Our state and local tax practice focuses exclusively on these issues. Weaver can help you determine whether you have sales and use tax collections, remittances and filing requirements under the new economic nexus standards. We work with all kinds of companies, in all industries, to assist with sales and use tax compliance.

Even better, our professionals help companies prevent overpayments or underpayments, while enabling them to reduce their overall cost of compliance.

Why let Weaver manage your state tax filings?

- ▶ Reduce your overall cost of compliance
- ▶ Save your staff's time to focus on more strategic work
- ▶ Avoid purchasing expensive tax filing software
- ▶ Leverage Weaver's extensive tax knowledge
- ▶ Be confident that you are paying the correct amount of tax
- ▶ Control your tax liability and audit risk
- ▶ Lean on a dedicated team member who knows your business
- ▶ Enjoy a streamlined and simplified process

Outsourcing your state tax compliance is easier — and less expensive — than you may think.

Three Steps to Compliance

After Weaver performs a quick set-up, you can complete monthly filings for all states in just three easy steps:

- 1 SEND** Weaver your data file over our secure data portal
- 2 APPROVE** the completed forms and submissions
- 3 SUBMIT** one payment through our secure third-party payment processor

Getting Started

Weaver will begin by meeting with you to understand your needs, asking the right questions to learn about your sales tax compliance process. Next, we start the onboarding process and design a simple, streamlined data transfer process that is essentially “point-and-click.” No system conversions required. Weaver will take care of the rest, including return filing, payment reconciliation, credit tracking, refund filing, notice management, new registrations and more. Your reports are securely archived and easily accessible in your dedicated client portal.

Are you ready to reduce your risks, save staff time and let your tax and finance departments focus on areas where they can add more value? We would be happy to provide a free consultation to discuss how Weaver can help take the pain out of your company’s sales and use tax compliance requirements.
